Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Friday 13 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry in east. Some rain or showers in west.

Today:
Plenty of dry weather in the east with some good sunny spells. Feeling warm at times here out of the brisk wind. Some showers in the west and particularly the northwest where heavy and blustery.

Tonight:
Showers in the north, likely heavy and blustery in the northwest. Elsewhere mostly dry with clear spells. Becoming cloudier later in southwest England and Wales with some mostly light rain.

Saturday:
Showers for Scotland but lighter than on previous days. Cloud and rain in southwest moving a little north then brightening up behind. Mostly dry with some sunshine in east.

Outlook for Sunday to Tuesday:
Rather cloudy across central and southern areas on Sunday with some rain. Sunny spells, showers and breezy conditions over Scotland spreading south into Monday. Cloudier with some rain on Tuesday.
